Tuesday, October 30, 2018

Denver Botanic Gardens

Early Bird registration ends Sept 26

Draft Agenda

Claire Moore

Chief Operating Officer, International Carwash Association™

Claire's session will review how water is used in a professional car wash and a discussion of the WaterSavers program.

Curtis Mitchell

Utilities Director, City of Fountain

Curtis' session will cover how the City of Fountain introduced a lowered tap fee incentive. This presentation will explore collaboration between the Home Builders Association and the Utility, growing participation rates and cumulative savings.

Dr. Jennifer Busselot

Special Assistant Professor at Colorado State University

Jennifer's session will discuss the use of Green Roofs in Colorado as a waterwise and innovative way to bring more green space and biodiversity into our urban areas

Additional topics include: AMI Case Study, Developing Tomorrow's Workforce Panel, and Pecha Kucha

Final Agenda will be posted before September 26
