2020 Irrigation Association Classes

Landscape Drip Irrigation Design & Management  
(8 CEUs)  
February 19  
8 a.m. - 5 p.m.  
Incorporate drip irrigation in landscape applications with this comprehensive overview of key design elements: emitter selection, system layout, system applications and scheduling. This full-day session includes a detailed overview of applications for line source and point source products.

Registration: $130/person  
Includes manual and lunch

Alternative Water for Landscape Irrigation  
(8 CEUs)  
February 20  
8 a.m. - 5 p.m.  
Targeted at experienced designers, this full-day course covers the basics of sustainable irrigation systems. Topics include the use of reclaimed water and rainwater harvesting, and how it applies to LEED and other programs where sustainability is required.

Registration: $130/person  
Includes manual and lunch

Landscape Irrigation Auditor  
(16 CEUs)  
February 25-26  
8 a.m. - 5 p.m.  
Assess irrigation system performance with this comprehensive overview of auditing techniques. This two-day session covers field tests and calculating accurate watering schedules based on plant water use, soils and local weather data. Recommended review for the certified landscape irrigation auditor and certified irrigation contractor exams.

Registration: $190/person  
Includes manual and lunch

Certification Exams offered February 28, 2020  
8:00 a.m. - Noon
To register for exams, go to https://store.irrigation.org/events/registration.aspx?event=CCOFEB20. The exam costs vary depending on the exams taken and IA membership. Contact the Irrigation Association if you have questions regarding the exams.

Class Registration  
Visit coloradowaterwise.org/events to register for classes.  
Register for classes by Wednesday, Feb. 12.
